Can

Let your child be part of an exciting and successful chess academy. Chess Wizards is offering specially designed classes that cater to all levels of chess ability. Each child is challenged by fun games and lessons from real Wizard teachers.

Fun

Chess Wizards is one of the largest chess academies in the nation, with hundreds of programs at schools and park districts. We run a number of tournaments, school matches, and winter/summer camps to challenge our students. We have been featured in the Chicago Tribune, the Chicago Sun-Times, Chess Magazine, and more.

Grow

It is proven that chess enhances cognitive development in children, improves both verbal and mathematical skills, and increases all levels of academic performance! Playing chess stimulates the mind and helps children strengthen skills such as focusing, visualizing goals, abstract thinking, and forming concrete opinions.

Fun

Our academy is so successful because our approach is so unique. Classes and lessons are based around our original, fun, and high-energy Chess Wizards curriculum. Regardless of a child's ability Chess Wizards makes chess fun for all!

Our instructors (who are called "Wizards") provide all the materials necessary for your child to participate in the class and no additional purchase is required to attend. We also offer a special Chess Wizards tournament chess set (including a Chess Wizards board, pieces, and piece bag) for home use which will be delivered to your child by the second week of class. See purchase options below.

Chess Wizards has an exclusive partnership with ChessKid.com, a safe and secure online chess server designed just for kids. Through our program, a Premium Gold 1-Year Membership is available for \$25, half off the regular price. Students can play other kids across the country, do chess puzzles, participate in on-line tournaments, and much more! All accessible content is parent controlled. Please include your email address, and we will send you all the information to get you started!
